DESCRIZIONE

- This house is built on three levels. The architecture is typical for the Provence region. The main entrance leads to the top floor with a very nice bedroom and its en suite bathroom with shower. The stairs will then lead you the the ground floor.

-The living room has direct access to the terrace and the swimming pool. The kitchen is very well equipped and tastefully decorated. On this same floor are two bedrooms and a shared bathroom.

-On the last floor are two bedrooms and a bathroom with bathtub.

-This house is real delight. No need to go to the beach when you are in such an idyllic place..
