DESCRIPTION

- Ombeline is a marvellous residence in the middle of the private area of Les Parcs de St Tropez. The village is only a few minutes driving, the first beaches are at a few hundred meters and those of pampelonne at less than 15 minutes driving.

- The main building shelters a huge living room, a beautiful dining room, two bedrooms each with a bathroom on the ground floor and a superb Master bedroom with bathroom upstairs.
An aisle is dedicated to the kitchen (opening on the shadowed terrace with fireplace and barbecue), the scullery and the wide laundry room. One join the "guests" part via a charming patio laid out into a summer salon. This part is made of three bedrooms with shower-room included, all overlooking the garden. Aside, a twin bedroom with its shower-room is dedicated to the staff.

- Ombeline offers both a modern and classical comfort. The choice of the ecru shades is soothing and the bright colours touches provide happiness to the whole residence. A marvellous fireplace participates to the elegance of the living room.

- The luxurious garden is magnificently maintained and the miscellaneous varieties of plants provides freshness everywhere, in particular around the swimming pool.
