DESCRIPCION

The villa is located in a private area in Aiguebelle. Aiguebelle is part of the city of Le Lavandou. The nearest beach is within 10 minutes walking. The village is less than 5 kms away. Saint Tropez is 30 kms away.

The house is a very contemporary construction. It is built on three levels. The first level hosts the master bedroom with its ensuite bathroom and a very spacious balcony offering a superb panorama on the sea.

On the next level are two bedrooms, one bathroom, the living room, the dining room, the American kitchen and a gorgeous terrace overlooking the garden, the pool and always the sea.

On the ground floor is the studio and its bathroom. The swimming pool has a very large deck and is nicely surrounded by a well-maintained garden.

The main asset of this property is the impressive combination of modern architecture in a unique and spectacular environment.
