DESCRIPCION

- The house is located in a calm environment on top of the hill, la Quessine. The splendid yard, one hectare in size, offers a magical view of the sea. Saint Tropez is 10 minutes away.
- The main house contains 6 rooms each with their own bathroom. All the rooms are decorated in zen style, contemporary and elegant. The sleek bathrooms have been designed with wood and simplistic materials.
- The common rooms: the living room, kitchen, and dining room open up to the terraces. All have been delicately decorated with taste.
- A house located behind the villa is where the landlord lives.
- In addition to the sparkling pool and great tennis court, Florentina offers a great outdoor environment to have meals or have guests for any occasion.
