DESCRIZIONE

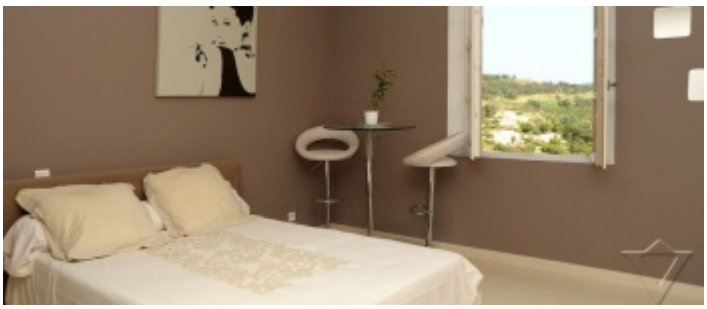

Domaine du Golfe offers an exquisite blend of traditional French elegance with modern décor and amenities.
Private, garden-lined terraces invite you spend your days outside on the manicured lawn or pristine, heated pool, or entertain into the night with an outdoor barbeque and covered lounge. Large windows and an open floor plan give you an exceptional view of the gardens, pool, and outdoors around every turn of the villa, while the villa's traditional exterior design gives way to sleek, minimalist contemporary décor inside. The living and dining rooms as well as the 4 bedrooms and en-suite bathrooms are all remarkably unified in their furniture and decoration, offering a mix of artistry and comfort. The kitchen and bathrooms all feature contemporary appliances and fixtures that will captivate your senses, while the rest of the Villa offers plenty of space and comfort.
